To those who open this book: "Welcome!" The staff of the 1966 PYRAMID hopes that as you turn the pages of this book, the accomplishments, expectations, triumphs, and all other events which have painted the picture of this school year, have been faithfully portrayed. Dear Doc,
It has been great being in your chemistry class. There should be more teachers like you & can honestly say I've learned something this year. Good luck to a great guy and golfer!
Thom S.

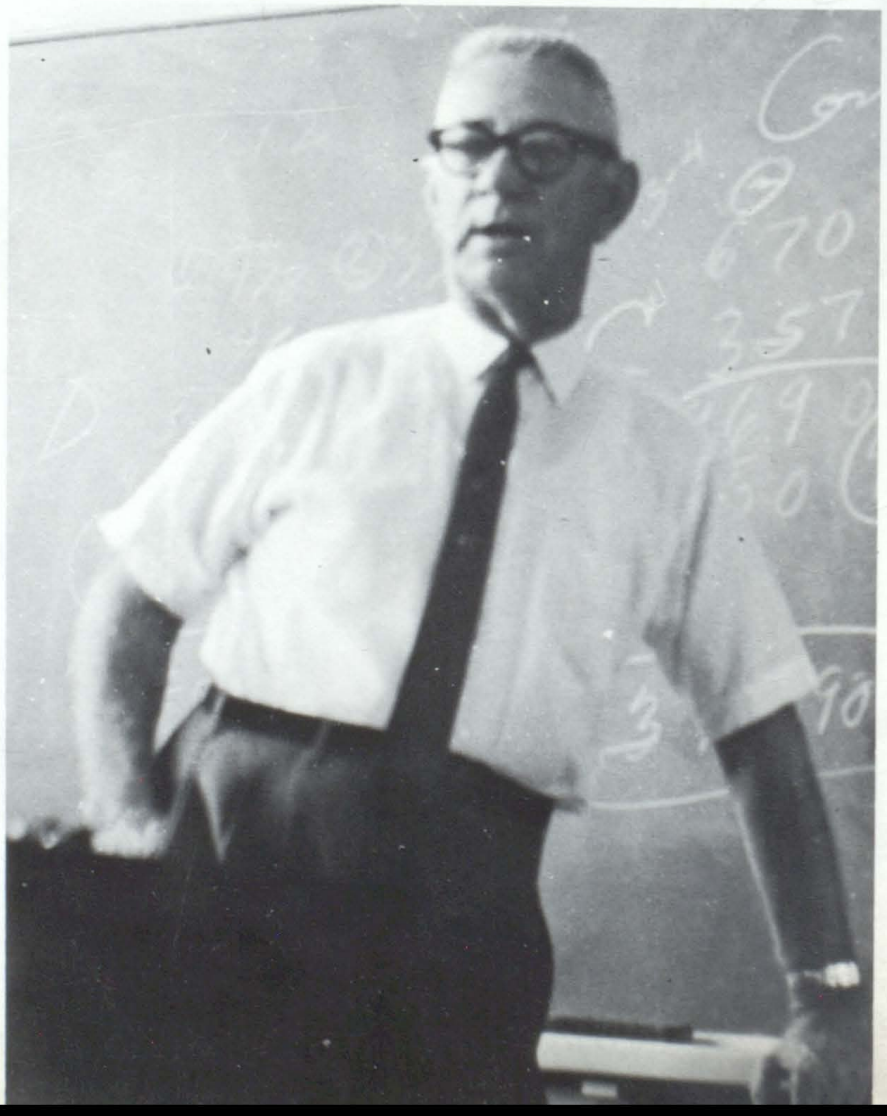

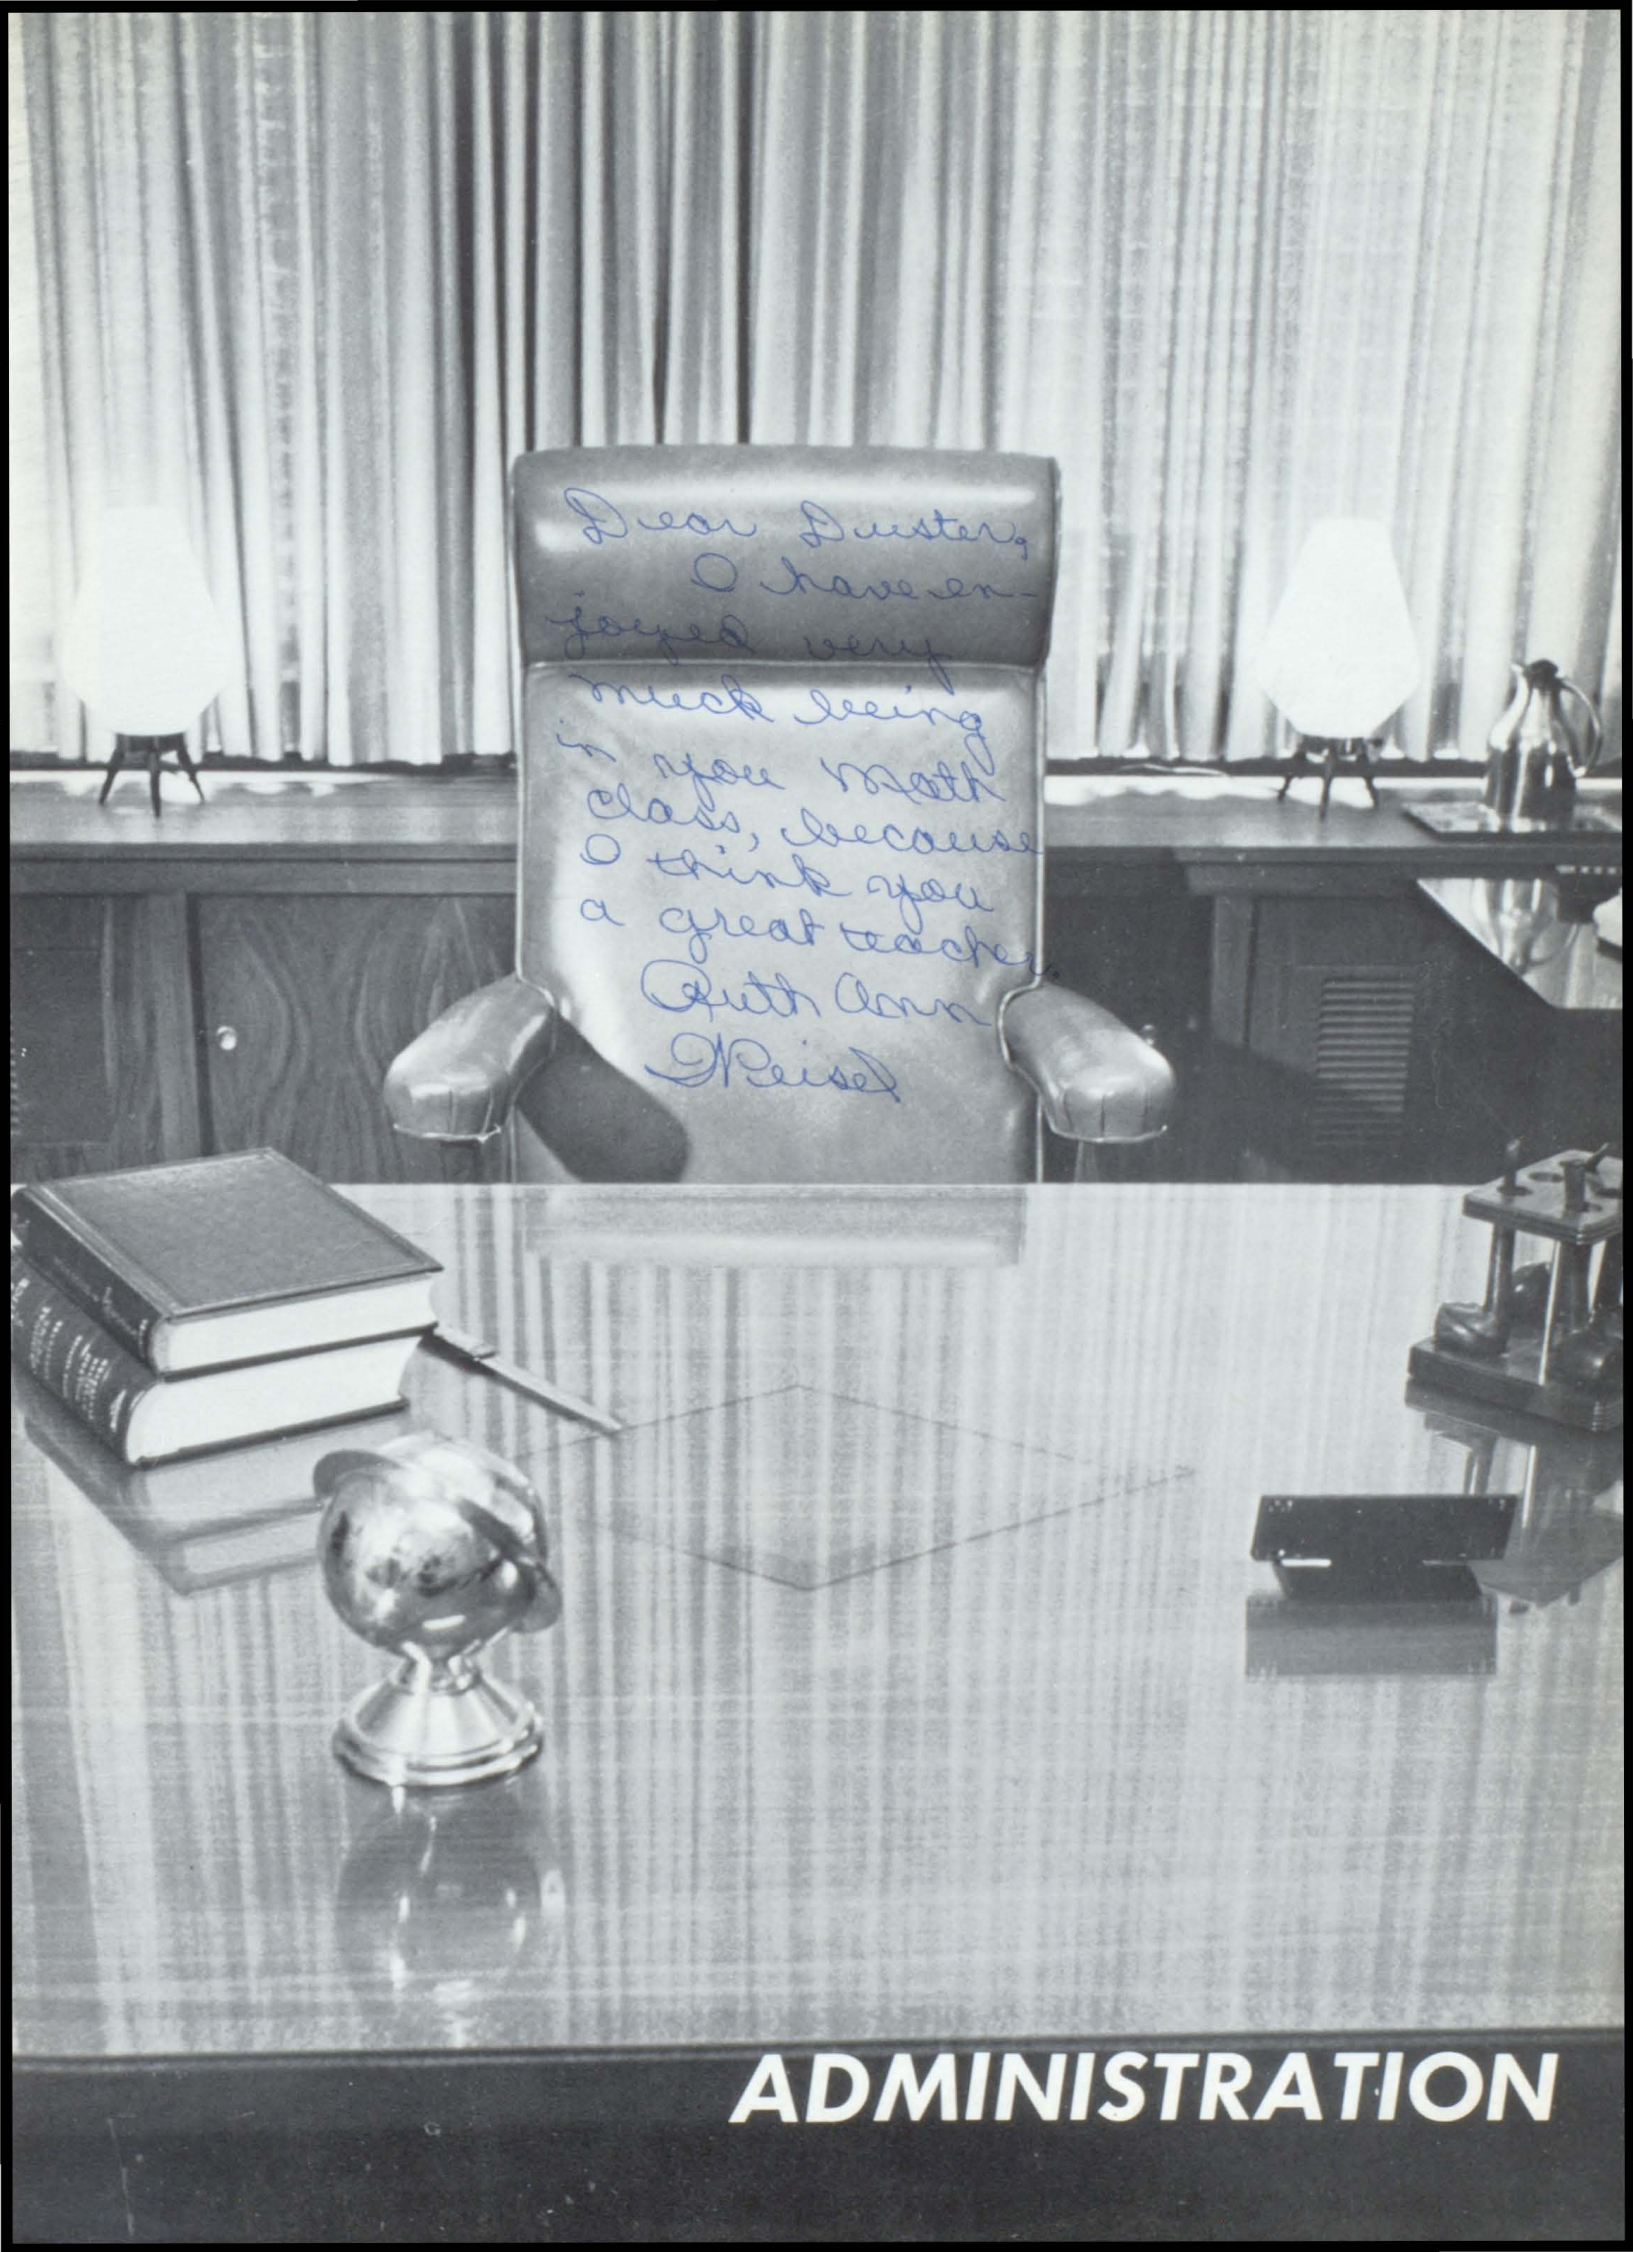

We Dedicate Our Yearbook to a Man Who Is Himself Dedicated

Not only is Merrill Thomas known as a successful coach, but he is equally well known for his teaching competence. He has been in the teaching profession for 38 years and has been a member of the faculty at PCHS since 1932. During this time he has taught biology, chemistry, physics, and mathematics. He has been a Senior class sponsor and is now sponsor of Hi-Y and Concessions.

Mr. Thomas, better known as "Duster", has an outstanding coaching record. He coached football from 1944-1951, winning the only conference title in the history of Pinckneyville football. He proved his unique ability in coaching basketball by taking the Panthers to state nine times in eleven years. In 1948 he coached the Panthers through the State Championship game, winning 65-39. Mr. Thomas is now coach of the golf team, and, in 1963, a member of this team won the State Golf Championship. He has also coached track, softball, baseball, and tennis.

Because he has taught us how to win in sports and sportsmanship, we dedicate this year's Pyramid to Mr. Merrill Thomas.

S.I.U. student teachers

Dear Mr. Romao,
This year has gone by so fast,
as all my years at O.C.H.S. have.
I have appreciated your and all
the other teachers help in making
a foundation for my future years.
I know you teased me a lot this
year, but I enjoyed it too some
class anyway. Thanks for putting up with me; you're
a swell teacher. Good luck next
year.
Always
Nancy

Dear Mr. Thomas,

Well looks like I've made it through this year. I have really enjoyed having you as my favorite Chemistry teacher. I have really learned a lot this year, even though my final exam didn't show it. I don't know what got into me. I just couldn't think. I hope you're not too disappointed in me. I'll do better next year. I hope I enjoy Physics as much next year as I did Chemistry this year. Those bus trips were really a blast and I was proud to sit with you. I also enjoyed working in concessions for you. Well, I just hope next year is filled with as many joyous events. Good luck in the future and always remain as good a teacher as you are now. Keep your sense of humor and keep telling your jokes
